

PATRIARCHS AND HEADS OF LOCAL CHURCHES OF JERUSALEM

Statement on the Current Threat to the Christian Presence in the Holy Land

13 December, 2021

Throughout the Holy Land, Christians have become the target of frequent and sustained attacks by fringe radical groups. Since 2012 there have been countless incidents of physical and verbal assaults against priests and other clergy, attacks on Christian churches, with holy sites regularly vandalized and desecrated, and ongoing intimidation of local Christians who simply seek to worship freely and go about their daily lives. These tactics are being used by such radical groups in a systematic attempt to drive the Christian community out of Jerusalem and other parts of the Holy Land.

We acknowledge with gratitude the declared commitment of the Israeli government to uphold a safe and secure home for Christians in the Holy Land and to preserve the Christian community as an integral part of the tapestry of the local community. As evidence of this commitment we see the government's facilitation of the visit of millions of Christian pilgrims to the holy sites of the Holy Land. It is therefore a matter of grave concern when this national commitment is betrayed by the failure of local politicians, officials and law enforcement agencies to curb the activities of radical groups who regularly intimidate local Christians, assault priests and clergy, and desecrate Holy Sites and church properties.

The principle that the spiritual and cultural character of Jerusalem's distinct and historic quarters should be protected is already recognised in Israeli law with respect to the Jewish Quarter. Yet radical groups continue to acquire strategic property in the Christian Quarter, with the aim of diminishing the Christian presence, often using underhanded dealings and intimidation tactics to evict residents from their homes, dramatically decreasing the Christian presence, and further disrupting the historic pilgrim routes between Bethlehem and Jerusalem.

Christian pilgrimage, in addition to being the right of all the Christians around the world, brings great benefits to Israel's economy and society. In a recent report by the University of Birmingham, it was highlighted that Christian pilgrimage and tourism contributes \$3bn to the Israeli economy. The local Christian community, while small and decreasing in number, provides a disproportionate amount of educational, health and humanitarian services in communities throughout Israel, Palestine, and Jordan.

In accordance with the declared commitment to protect religious freedom by the local political authorities of Israel, Palestine, and Jordan, we are requesting an urgent dialogue with us the Church Leaders, so as to:

1. Deal with the challenges presented by radical groups in Jerusalem to both the Christian community and the rule of law, so as to ensure that no citizen or institution has to live under threat of violence or intimidation.
2. Begin dialogue on the creation of a special Christian cultural and heritage zone to safeguard the integrity of the Christian Quarter in Old City Jerusalem and to ensure that its unique character and heritage are preserved for the sake of well-being of the local community, our national life, and the wider world.
